

**Appointment - Toronto Hydro Telecom Inc/Hydro One Telecom.**

TORONTO, Nov. 7 /CNW/ - David Dobbin, President, Toronto Hydro Telecom Inc. and John Macdonald, President and CEO, Hydro One Telecom Inc. are pleased to announce the appointment of Michael Andreola to the position of Vice President of Enterprise Sales for the two organizations' consolidated sales group.

Michael brings with him over 20 years of experience within the telecommunications industry. Most recently he was with Bell Conferencing Inc. (Division of Bell Canada) where he held the position of Regional Sales Manager for the Ontario market. Prior to Bell Canada, Michael also led a successful team as General Manager of Carrier Sales with GT Group Telecom/360 Networks. "We believe that Michael will bring a wealth of experience and management skills to further build this consolidated sales effort with Toronto Hydro Telecom." said Mr. Macdonald.

"Michael is a team builder with a solid track record of success, he will be a valuable management asset going forward for both organizations. His skills will be invaluable in growing the companies' new suite of products and services." said Mr. Dobbin.

The companies offer a broad range of data communications solutions including Ethernet, Private Line, Voice over Internet Protocol (VoIP) and Internet Access. Both Hydro One Telecom and Toronto Hydro Telecom possess wholly owned fibre optic networks that are diverse from those of other carriers. Through a consolidated sales group, business and institutional customers can enjoy seamless access across the province and into Quebec and the United States.
